I believe... these are valid water rights. I would like to have an opportunity to meet with the State Engineer staff during a field session this irrigation season (Attorney present). I have evidence that there was water rights on this land in 1898 - I will provide witnesses that ~~the~~ will testify that the property was water. My Attorney would like to examine aerial photographs from 1935, 1958, 1966, 1975, 1981 & 1995. (Attach additional pages if necessary)

I made a good faith effort to resolve my disagreement with the State's proposed Consent Order by Meeting with Lisa Brown and hydro-
graphic staff on March 14, 2003, and I want to make an additional appointment to meet with them during the upcoming field sessions with ^{attorney} present? Document (Patent 2469), recorded in 1900 was provided indicating that there was water rights prior to 1907

I claim no right for the water right(s) described by Subfile Number(s) _____ because
